I will be in Sacramento next week and could join with you from there. Maybe I could connect with Ana. Penny

Good Afternoon Penny:

I hope that you are having a good Monday. Director Lee asked me to reach out to you to set up a call between EPA, DTSC and CCAEJ. EPA would like to share the proposed approach for conducting additional sampling at the Riverside Ag Park site, and obtain feedback on that approach from CCAEJ. EPA attendees will include Steve Armann (Manager, Corrective Action Section), Sara Ziff (Project Manager), Kathy Baylor (Hydrogeologist), and Patrick Wilson (Toxicologist). DTSC attendees will include myself, Greg Neal (Geologist), Dr. CY Jeng (Toxicologist), Ana Mascarenas (Assistant Director of Environmental Justice) and Dot Lofstrom (Acting Deputy Director, Cleanup Operations).

It appears that **Monday August 24th from 3:30 PM through 4:30 PM** works for both EPA and DTSC. Please let me know if this works for CCAEJ or if there is another time and date that would be better on your end. I am looking forward hearing back from you. Thank you.
